

Marti,

Will you please share with prayer warriors?!

Markos is graduating from the program at Montcalm School, and will be returning home for good next week Saturday, June 16! We want to thank God for the tremendous progress and changes we have seen.

We also ask for your prayers as Markos transitions back home and back to complete his senior year of high school, since we know that it will not be easy for him or the family.

Specifically, will you please pray:

1. That Markos finds a job asap. He has made many applications, he had one interview last weekend, but has not landed a job yet. Boredom and idle hands are Markos' worst enemies, and he and we all know that from past experience. If any of you have any ideas or connections that we haven't thought of yet, those are welcome as well.
2. That Markos lands in teh right school for his senior year of high school. He interviewed with Christian High, thinks he wants to go there, but still needs to meet with them again after coming home to review transcripts, meet with counselor etc. He could also go to Potters House. We and he really need discernment and guidance from teh Spirit.
3. That we all will receive an extra measure of grace.

Thank you all, for your encouragement, prayers and letters over this past year, and now once again!

Love in Christ,

Doug
