

Dear Jud, Elaine and Cal,

I was just talking with our Children's Education Coordinator here in Oaxaca and she tells me that we really need teachers for this fall. Do you know

anyone who might be interested? I've attached a note from her listing the teachers that we need. What distresses me is that if we don't get the positions filled, we'll have to pull translators to teach. :-)

Thanks,

Judy

URGENT TEACHER NEEDS!

Come to Oaxaca, Mexico where we desperately need teachers in a variety of subjects. The work of Bible translation is difficult for our parents to continue when our children are lacking teachers. Come teach these missionary kids and be a part of reaching the nation of Mexico for Christ! And besides, you'll love the weather here!

We need:

Field Education System Coordinator & Teacher to further the work of Wycliffe Bible Translators: (on Wycliffe's Associates website #WA891)

A certified elementary or middle school teacher willing to coordinate and team teach two three-week classroom experiences each school year with our thirty home schooled K-8th grade students. This person would also keep organized and order home schooling materials for the group's Teacher Resource Library at our Mitla Center in Oaxaca, Mexico.

Itinerant Teacher for home schooling families to further the work of Wycliffe Bible Translators: (on Wycliffe Associates website #WA883)

A certified elementary or middle school teacher needed to travel to home schooling families in village allocations for a few weeks at a time. The teacher would home school children so that the home schooling parent can concentrate on translation work for a couple of weeks. This teacher would also teach our thirty K-8th grade students twice a year for three weeks each session at our Mitla Center, in Oaxaca, Mexico.

Youth Pastor: (on Wycliffe Associates website #WA886)

We need a youth pastor to minister to our teens in Oaxaca Valley through youth group activities and Bible studies. A couple would be preferred but a single would also be welcomed.

Teachers needed to teach our missionary children at Oaxaca Christian School in Oaxaca, Mexico.

Members of Wycliffe Bible Translators along with other missionary organizations in Oaxaca have formed a small Christian school for their children to attend. The family co-op school needs a variety of teachers to serve the 1st-12th grades. Small classroom size makes for optimum teaching opportunities! Certified Teachers or retired teachers preferred.

Oaxaca Christian School needs for the 2007-2008 school year: (on Wycliffe Associates website #WA884)

Assistant Principal
Principal for 2008 school year +

Secondary Science Teacher (Chemistry, Biology, Earth Science,)
Secondary Math Teacher
Secondary Geography Teacher

Elementary and Secondary Music Teacher
Elementary and Secondary Art Teacher
Elementary and Secondary Physical Education Teacher

Interested?

You can copy and paste this web link at Wycliffe Associates to apply.
