

Hi from Jos - we hope you're having a super summer! Our "summer" is almost finished, with the girls set to go back to school in less than a week, August 1. Wow! Jessica and Kristin will both be in Middle School (Junior High), while Andrea keeps us familiar with Elementary. I've started in my new work of coordinating the plans and activities of the CRC Mission with that of our 3 partner denominations here. Things like planning for North American volunteers to come to Nigeria, putting together a project to get water and electricity to one Seminary and library books and computers to another, supporting Nigerian missionaries to go to other West African countries, and organizing courses for Nigerian church leaders - these are some examples of what I'm doing. Carolyn continues to help keep our missionaries healthy, our family happy, and our home hospitable to everyone - while keeping a measure of sanity over almost everything. We're all doing well, and thank you for your love and support! Albert - for Carolyn, Jessica, Kristin, and Andrea.
