

Hi prayer partners,

The school year is well underway and we've seen Jesus doing great things on campus. At GVSU almost 30 students attended a new student retreat and caught a greater vision for Jesus' leadership in their lives. At Hope students are meeting daily to pray together and ask Jesus to move in their lives and campus. At Ferris new students are encountering Jesus through small group Bible studies, some who are studying the Bible for the first time. Thanks for your prayers, God continues to move!

This week please pray for Dave and I as I'll be travelling to Cleveland for regional leadership meetings and will then be speaking on evangelism at a conference in Indiana this weekend. During the week I'll be interviewing another position within InterVarsity for the role of regional evangelism director which encompasses evangelistic training and speaking responsibilities for staff and students in Michigan, Ohio, West Virginia and Western Pennsylvania. Needless to say I'm very excited at this prospect and am trusting Jesus as he leads us in life and ministry. Please pray: For Dave as he'll be caring for Reuben throughout this week. Pray that Reuben would be content during daddy/son days. For the Regional Leadership Team that will be interviewing me. Pray that God would give them great discernment into what will be most honoring to Jesus and beneficial for our regional evangelism efforts. For me- that I would want what Jesus wants and that people would see less of me and more of Jesus in my life. That God would protect my mind and body during this intense week. For the students and staff I'll speak to this weekend. Pray that God would grow their desire to be faithful witnesses of Jesus on campus. Pray for any lost students that may be attending the conference (there's always a few :) that they would meet Jesus and begin to follow him.

Seeking to shine Jesus brightly,

Jessica, Dave & Reuben
