

Madison COVID-19 Survey All Site Executive Summary

324 responses across sites, with the vast majority of the responses coming from the Square site.

Age: for all sites the majority of the responses came from the 35-54 and 55-64 age range. For North and Ford sites, there was a much higher percentage in the 35-54 range. As you would suspect, then those sites were more likely to have younger children at home. This is especially seen at the Ford site, where only 73% of respondents had children under 18 living at home with them (compared to 62% over all)

The ethnic breakdown was roughly the same across sites, with the Ford and North sites registering a slightly higher percentage from People of Color groups.

Note: each site will be digging further into their own sites responses as they consider their reentry planning.

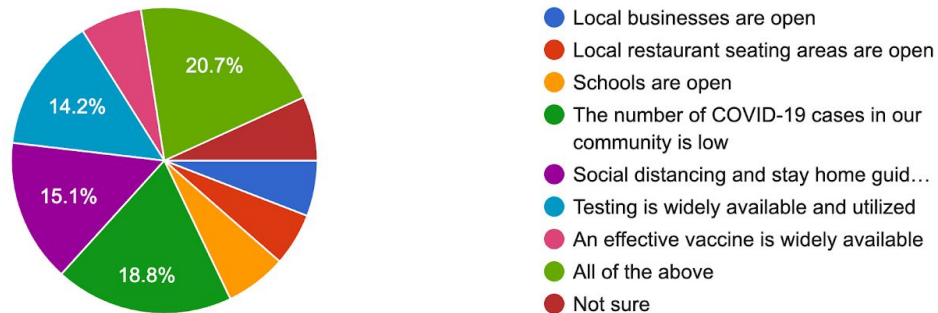

1. As local/state governments begin to lift bans against group gatherings, which of the following best describes your attitude toward returning to worship together in a building?

324 responses

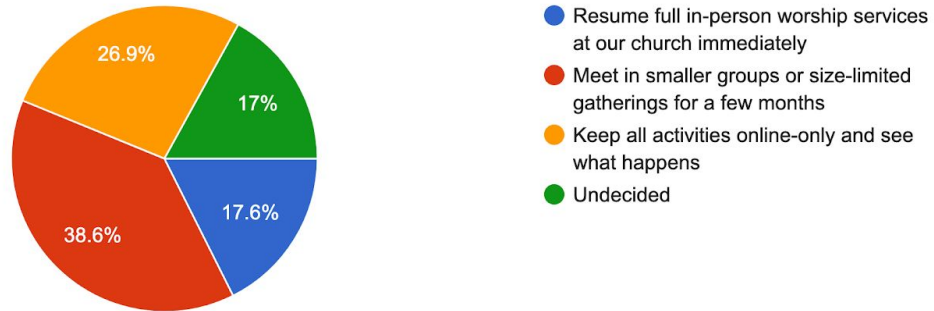

2. Which other type of activity BEST signals to you that it is time to begin gathering in-person to worship? (assume that we are following local/state guidelines)

324 responses

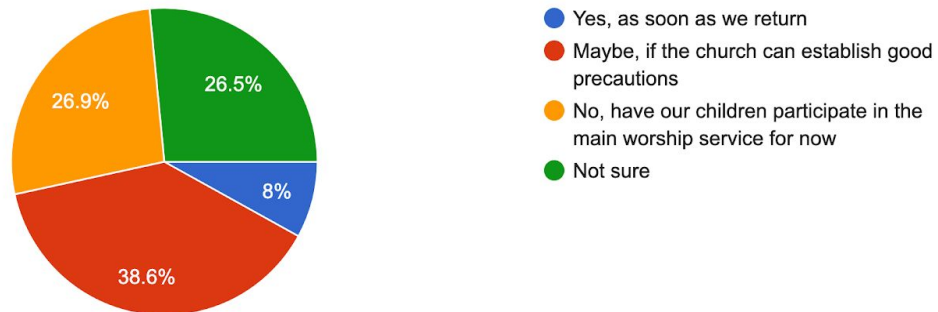

3. As soon as we receive clearance for public gatherings from our local officials, which of the following would you prefer for our church?

324 responses

4. Do you expect the church to offer children's and student ministries as we resume?

324 responses

5. What type of health precautions should be prioritized for worship gatherings (check all that apply)

The Limit passing or touching things (Lord's supper elements, offerings, etc.) - 50.3%

Encourage social distancing - spread out the seating - 47.8%

Address foot traffic (prop doors, one way flow of enter/exit) - 29.3%

Provide hand sanitizer stations - 50.9%

Mandatory mask wearing - 30.6%

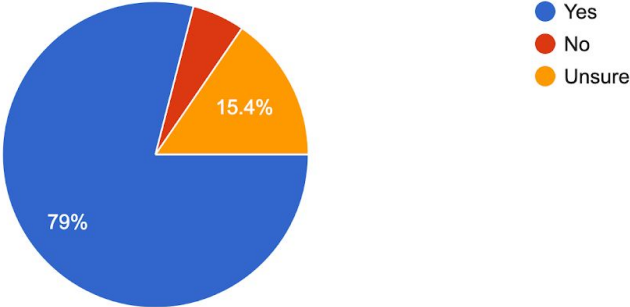

Limit the gathering size, even if more services are required - 31.2%

All of these - 49.4%

None of these are necessary 2.2%

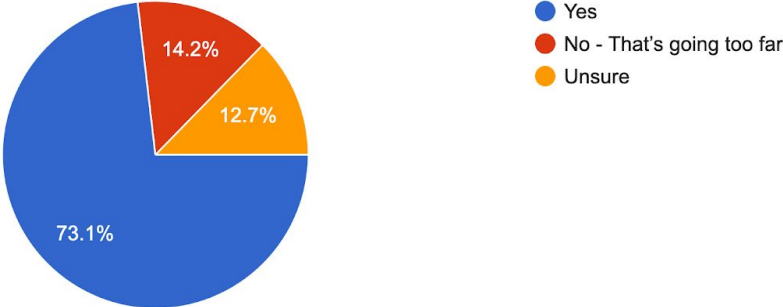

6. Would you be willing to attend a worship service at a different time than you typically attend to allow people to spread out more?

324 responses

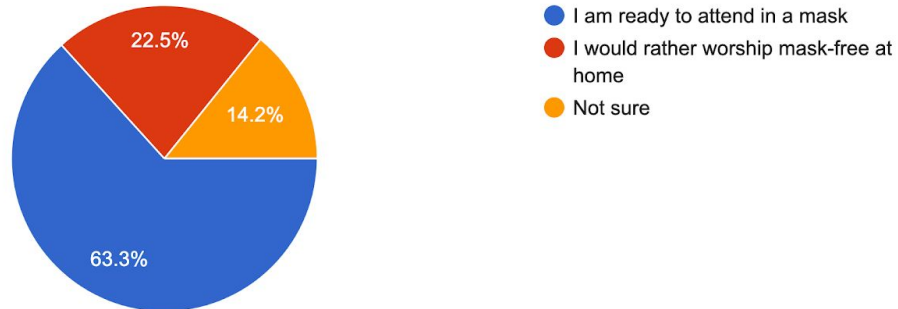

7. Would you be okay if we had to check every person's temperature as they entered the building?

324 responses

8. If local guidelines require all church attendees to wear a protective face mask, how would you feel about attending?

324 responses

9. It may take awhile for Madison's community to get back to doing ministry the way that we used to do ministry. Rank in order which ministries you would like to see come back first by choosing which column is your highest priority, then second, etc.

- first was worship services, second was small groups
- children's ministries and youth groups were far behind

10. How likely are you to recommend Madison's online worship service to a friend?

30% said 10 on a 10-point Likert scale, and an additional 34% were in the 7-9 range

11. Please rank in order your concerns FOR YOURSELF OR YOUR FAMILY right now by choosing which column is your highest priority, then next highest, etc.

- physical/mental/spiritual health were quite close as top concern, with a slight preference for physical health
- finances were clearly the lowest concern

12. Please rank in order your concerns FOR OUR COMMUNITY right now by choosing which column is your highest priority, then next highest, etc.

- physical health was a clear top priority
- spiritual health and economic well-being were the next highest concerns
