

Who at Madison has helped you to love and follow Jesus more and to grow in your gifts? How did they do that?

When I first came to Madison, Pastor Kristi welcomed me with open arms. She encouraged me to use my gifts to serve others and she gave me opportunities to use those gifts. When I felt God prompting me to go through Stand Up, Pastor Kristi encouraged me along the way. She shows me every week how to be the hands and feet of Jesus to others.

How many years have you been serving in Children's Church and what do you enjoy about helping those younger than you to grow in their faith?

I have been able to serve you in Children's Church for the past two years. I felt God calling me to give back. I enjoy helping other kids see and know more about who Jesus is. I am thankful to be able to have a small part in their journey of faith.

How do you think growing up at Madison has equipped you to continue to grow in your faith and share it with others?

I love Madison because it doesn't matter what your skin color is, what background you come from, or what ethnicity you are, we all can worship Jesus freely. At Madison I have grown as a prayer warrior and many people have encouraged me in this area. I love that Madison allows even kids like me to have an active role in worship.
